

WOW!

Devenger Place Family Center Corporate Sponsorship Program

Is your business interested in reaching new prospective customers? **Do you sell goods and services to any of the following demographics?**

-Homeowners -Car owners -Families with children -Families with pets

If you answered “yes” to any of the above, then **our community has a unique opportunity for you!**

As you may know, Devenger Place was established in the Greer city limits nearly 30 years ago. Our beautiful, family friendly community is zoned for excellent Greenville County schools and is ideally situated near several shopping districts. However, we are facing a crossroads. The amenities that help define our neighborhood are showing their age and are in desperate need of significant enhancement and improvement. Some of the projects the neighborhood is facing in the next twelve months include:

- Resurfacing of tennis courts
- Resurfacing of basketball court
- Rebuilding of community center building and pool bath house
- Improvements to parking areas

In order to cover the expenses of these projects, the Devenger Place Board of Directors launched a large capital improvements campaign on June 1st, 2009. ***And we are looking for corporate sponsors to join the residents in supporting the improvements campaign.***

Becoming a corporate sponsor gives your business direct access to consumers! **We have put together a comprehensive program that provides sponsors the opportunity to directly market products and services to our community** of more than 560 households. Please review the details below regarding the all the benefits of our sponsorship program.

We welcome the opportunity to meet with you in person to further discuss how your advertising and direct marketing dollars can be effectively targeted to get ***the right message to the right audience.*** Thank you for helping to make “DEVENGER a great PLACE to be”.
